To Whom It May Concern;

It's my absolute pleasure to recommend Mike White for your company's OH&S Consultant.

I have been using Mike as our OH&S Consultant for my company, JMJ Holdings Ltd, for the last five years with great success.

I thoroughly enjoyed my time working with Mike and came to know him as a truly valuable asset in developing and maintaining our company's safety program. Mike is knowledgeable, dependable, and incredibly hard-working. Beyond that, Mike is a team leader who is goal orientated and results driven.

Mike's knowledge of the Newfoundland and Labrador Occupational Health and Safety Regulations and Act and his expertise in OH&S Policy and Procedure was a huge advantage to our organization. Mike put these skills to work in order for us to obtain and maintain our COR Certification with the Newfoundland and Labrador Construction Safety Association.

Along with his undeniable talent, Mike has always been very courteous and professional to work with. He is a true team player that always manages to foster positive discussions and bring the best out of team members.

Without a doubt, I can confidently recommend Mike to head up your organizations safety program. As a dedicated and knowledgeable OH&S Professional Consultant and an all-around great person, I know that he will make any organizations safety program a great success.

Please feel free to contact me should you like to discuss Mike's qualifications and experience further. I'd be happy to expand on my recommendation.

All the Best,
